

All are welcome to the Green Team activities. They are designed to support works in the Parish so we can live in a more cared for place. Any ideas for new works always welcome.

February - willow will be harvested from the Parish in February and the weekend **21 - 23rd February** a new willow hide will be constructed in Parklands. There will be help from RHS Rosemoor to ensure we have a sturdy build.

1 - 3rd March will be the Swimbridge Litter Pick. We will aim to cover as much of the Parish as possible, we have bags litter pickers and reflective jackets and will be collating the rubbish for collection on the A361 bridge on Station Hill- please let me know your chosen area and I will ink it out on the 2025 map.

From **March to end of Oct.** the grass will be cut at Streamside and the Jubilee Hall and there will be weeding, pruning, refreshing of beds and planting at Streamside weekly - help is always welcome for just a couple of hours - please contact me to discuss; even once a month would be grand.

March to April there will be a call out to all for snowdrops in the green. Once large clumps of snowdrops have flowered they improve from being split. Any that can be donated to the Green Team we will start to plant across the Parish by road signs. In future years we will continue to ask and will also split our own clumps. Please contact me if you need help splitting.

8.3.25. clear around Jubilee Hall

29.3.25 plant summer bulbs and clear village centre
